A couple are really interesting, but most are just "quickly scan through and then forget" stuff. Not really worth the reading time expended.0 of 0 people found the following review helpful. Law Cases - Legal Information from Times PastBy P B IllingworthThis book is really terrific....the information is exciting and at times humorous. It is a great book for law students and professed lawyers as well. The book also provides lessons in history, sociology, psychology, and the humanities. It is a great gift for any occasion.1 of 1 people found the following review helpful. InterestingBy Petunia's MomI purchased this for the short story section of my personal library. I find reading these kinds of cases just amazes me proving that fact is stranger than fiction. It appears to be perfect for this section.

The truth, the whole truth, and nothing but the truth about the most ludicrous criminal cases in legal history, now in a hardcover gift format
