**David Fisher : Legally Correct Fairy Tales** before purchasing it in order to gauge whether or not it would be worth

my time, and all praised Legally Correct Fairy Tales:

0 of 0 people found the following review helpful. A little funny? A lot funny? Or just right?By MomletteThis was a fun and quick read. I know legal terminology is necessary today as there is no other way to be so precise. However, this book tells how things would go if certain fairy tales were handled by a lawyer. I think the family of real lawyers that wrote it had to be laughing as they wrote it as much as I did reading it. It takes us to the brink of absurdity on things like Jack and Jill suing the company that made the pail causing them to fall down the hill. That is just a simple one...they get better. My husband asked to read it next. There will probably be several requests from other friends or relatives before it gets a rest. If this was a thick book it could become tedious. But this one was "Just Right". I would read a sequel though! A good and fun book to take with you if you know you will be waiting on something and you have just enough time to read a chapter or two.0 of 0 people found the following review helpful. Not very entertainingBy kphal got this for a lawyer friend of mine. I thought that he would get a kick out of it. As I read through it, I was very disappointed. When these books first came out, they were much wittier and fun than they are now. The stories were rather boring... there was so much potential there, too. It is a shame.0 of 0 people found the following review helpful. Lawyers And Ordinary Folk Will Enjoy This Retelling Of Fairy TalesBy Thomas J. HoehlerThese stories are told in a narrative style, just as fairy tales are told. Snarky, extremely witty, and sardonic to boot! Laugh out loud funny! I enjoyed this book, I think you will too.

This hilarious spoof on all the old classic fairy tales has a decidedly legal squint to it as for example when Prince Charming is prosecuted for sexual abuse after forcing several damsels to try on a glass slipper to satisfy his foot fetish.

From the Back CoverJack and Jill went down the hill - and are suing the pail manufacturer for pain and suffering. The mobster known as the Big Bad Wolf, nemesis of little pigs and grandmas everywhere, faces indictment under the RICO Act. Snow White, in violation of the kingdom's nondiscrimination laws, is given forty-five days to hire nonmale, non-Caucasian, nonvertically challenged employees. And guess who the Three Bears are taking to the cleaners for trespassing, damage to real property, and mental anguish... Way beyond the politically correct, this is the perfect book for these litigious times. From the Emperor's New Clothes to the Old Lady Who Lived in a Shoe... from Pinocchio to Humpty Dumpty ... from Hansel and Gretel to Beauty and the Beast ... the most beloved tales of childhood are told once again, not with the rhythms of the nursery, but in the precise language of the law, as depositions and briefs, summonses and summary judgments. The court finds Legally Correct Fairy Tales hilarious.
