Galen Winter : *Legendary Northwoods Animals: A Farcical Field Guide* before purchasing it in order to gage whether or not it would be worth my time, and all praised *Legendary Northwoods Animals: A Farcical Field Guide*:

You've never heard of rockworms, octodogs or splintercats? How about the furtive but ubiquitous woose grock? The usually amiable but sometimes temperamental shovel-nosed beaver? Long-time northwoods story teller and humorist Galen Winter, himself a bit of a woosy legend, provides undeniable proof of the existence of these and twenty other fabled creatures in this detailed natural history. Northwoods artist John Boettcher renders further visual proof of their reality through unique and life-like scratchboard illustrations. Roll over Charles Darwin, this darling book will shake the staid temple of evolutionary science to its very foundation!

About the Author Galen Winter is a long-time northwoods story teller and humorist. John Boettcher is a northwoods artist.
