The book is cleverly illustrated and will be a delight to read and view by both children and adults. The heartfelt messages with the wonderful illustrations will serve to brighten anyone's day and give people a reason to reset their bad moods for positive ones. The words are succinct but speak VOLUMES!! Better than many self-help books! 1 of 1 people found the following review helpful. The ending is very true! By Nai Nai I shared this book with the young granddaughter of a friend. She greatly enjoyed the pictures, and was able to read the short texts on each page with a little "sounding out" help on the longer words. It is a nice combination of words for a young reader. She assures me she will read it to her mom when she gets home, and plans to keep it on the bookshelf she reserves for her "good" books. She says the book is "funny" and the advice is good. By the way, the adults around the table enjoyed the book as much, if not more, than she did, as we all remembered favorite dogs we have known and loved. Wonderful illustrations--Patrick, you are a talented young man. 4 of 4 people found the following review helpful.
