SmithI think this book is terrific, but it didn't offer me anything new. With that said, I have been reading EVERYTHING that is out there. I wish I read this book first! It is a good summary of everything an ice cream truck owner would need to know.0 of 0 people found the following review helpful. Great short stories.By Trig SimonFun to

read. Great in the restroom, because you don't have to read but a half page at a time. 2 of 2 people found the following review helpful. Ice Cream! By abcd Very enjoyable book! I found myself chuckling throughout the book. It was as though I was riding in the ice cream truck seeing the country side with the author. What a way to see a lot, meet tons of people and make a lot of people happy....selling ice cream in a truck!

"When the ice cream truck comes, it's the BEST sound" This quote is from a six-year-old girl. She is not my typical customer. Throngs of college students and Clyde the donkey are among those I've served. This book will probably explode your preconceptions of how you think about an ice cream truck. The times of day and places I have driven have caused many people to open their minds, open their hearts, and open their wallets. Some of them didn't even want ice cream. About the Author: I have been an ice cream man for ten years. My love of exploration has served me well as I have sold ice cream in over a dozen different states of the midwest.
