I think his mystery books (Andy Carpenter and Tara) and the other stand alone books are great reads. Own them all / have read them all. But when this author writes about dogs--his own dogs and his rescue dogs -- he is golden.(Pun intended). Starting with Dogtripping which made me laugh out all through the book and showed me that people (certain ones who can accept us as we are even if that means we come with 20 or more dogs of various sizes, usually large) are generous and open with their love. Urges me to stop FOREVER worrying about what people think. David and his wife have so much love to give these unloved, mistreated dogs. It makes me teary. Then comes Lessons from Tara. I loved the book so much I didn't want it to end. The instant love that happens between them and each new helpless dog that they find is amazing. They take dogs from horrible situations and either help the dog fit in with their own huge pack or the dog stays at the Tara Foundation until adopted by their forever family. I HIGHLY RECOMMEND both Dogtripping and Lessons from Tara. All his books are simply book candy. Or...mind candy?7 of 7 people found the following review helpful. Another WinnerBy CustomerWhen I started reading this at the drs, I was loudly laughing out loud. All the nurses hurried in to find out what was wrong. And thus 4 more copies of Lessons From Tara were sold. I only have 5 dogs but I see so much of my life in these pages. And there is nothing better than the unconditional love of a dog or two or three. Especially if they are rescues.6 of 6 people found the following review helpful. Another great Rosenfelt book!By C. EubanksMr. Rosenfelt puts to words the feelings we all have as dog

lovers - especially lovers of rescue dogs. I highly recommend this book for the humor and the heart warming stories. Like Dog Tripping, Lessons from Tara is an honest account of what it must be like to be a "dog lunatic." A total joy to read, even the parts that made me cry.

David Rosenfelt's loyal readers of the Andy Carpenter series are familiar with Tara, the Golden Retriever sidekick. Many also got to know Tara from Dogtripping, David's nonfiction book about becoming a slightly nutty dog rescuer and the dog that started it all. Here, finally, is a book all about the inspirational canine who taught David everything he knows. Well, he did know how to tie his shoes before he met and came to love Tara, but that's about it. Through Tara, David learned about dating, about being able to share his emotions, and also about everyday stuff like who gets to use the pillow if several dogs are sleeping in your bed (clue: It's not the human) and why random barking will never be something that can be eliminated. Lessons From Tara is infused with David's trademark wry and self-deprecating sense of humor, and will move readers to tears and laughter.

“Getting into animal rescuing is not anything most people plan, and David Rosenfelt is no different. It is usually that one special animal that has touched your heart, and in David's case, it was Tara who changed his life. If you are an animal rescuer, you will no doubt see yourself in the pages of this book (perhaps many times over!), and if you're not, this book just might encourage you to go out and save some animals. David is one of the good guys, because anyone who can call their car a "shit mobile" is truly an animal lover.” ?Judy Francis of Animal Radio“Lovely, funny, poignant...Dog lovers will relish the wit and wisdom in these pages, while perhaps being thankful to share a bed with only one or two creatures.” ?The Dodo“Humorous and touching recollections of some of the hundreds of dogs [Rosenfelt] has adopted and what he has learned in his journey. It may just inspire the reader to rescue a dog or two.” ?Chicago Tribune“Entertaining.” ?Booklist“Dogtripping is a delightful romp through [the] adventures -- and misadventures -- of running a dog rescue...If it's been too long since you enjoyed a funny, sweet, romantic tale, read this book.” ?Associated Press“ A warmhearted winner.” ?Kirkus s on Dogtripping“Spirited and absolutely absorbing reading for fans of canine capers--both fictional and otherwise.” ?Booklist on Dogtripping“ A story as poignant as it is hilarious.” ?Library Journal (starred review) on Dogtripping“Dogtripping is a book that will make you laugh, cry, and want to adopt a dog from the nearest shelter--all on the same page...In short--it's wonderful.” ?The ExaminerAbout the AuthorDAVID ROSENFELT is the Edgar and Shamus Award-nominated author of five stand-alones and a dozen previous Andy Carpenter novels. He and his wife live in Maine with their ever-changing pack of rescue dogs.
