Jake Farr-Wharton : Letters To Christian Leaders: Hollow Be Thy Claims before purchasing it in order to gage whether or not it would be worth my time, and all praised Letters To Christian Leaders: Hollow Be Thy Claims:

it. Luckily there's this book, and since I acted fast I managed to get myself one of the unlimited copies available (phew! That was close!) Seriously though, this book is insightful and echoes many of the frustrations I have with the claims of religious leaders in the United States (Jake is from Australia, but the vast majority of the nutters he addresses are American, sorry)... and I'm *in* the United States. I would love to see some of these leaders answer Jake's questions, concerns, and points. I don't think they ever will, but a guy can dream, can't he? 1 of 2 people found the following review helpful. Now I've read it and... It's even better than I had anticipated! By Ullrich Fischer Jake takes two or three pages of the words of various bible thumping, disgusting demagogues and takes their assertions apart piece by piece pointing out the sheer lunacy, small mindedness, and freedom hating character of their "ideas". Jake's writing style matches his style in his fabulous "The Imaginary Friends Show.com podcast - The One True Podcast". Whenever I listen to a new episode of his podcast, I find myself almost continually laughing and agreeing with the points he makes in his inimitable style. Buying the book helps support his excellent podcast (available on iTunes). I can't recommend this book highly enough. It is hilarious and spot on. Jake Farr-Wharton not only does an exceptional job at debunking the lies, but is very entertaining as he does so! It is brilliantly written, fun to read, and he makes great points! I give it 5 stars and recommend it to everyone who is interested in reading the truth!! And I CHALLENGE Christians to read it!

The arbitrary persecution of Christians, perpetrated by atheists, has gone on long enough. It is totally, completely and utterly unfair that Christians receive this constant barrage from atheists who base their attacks on what they think Christians believe
