Richard Sandomir, Rick Wolff : Life for Real Dummies: Life for the Totally Clueless (For Dummies Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Life for Real Dummies: Life for the Totally Clueless (For Dummies Series):

1 of 1 people found the following review helpful. Moderately funny By A CustomerWell, it had to happen. This slim

some lampoons the very successful "For Dummies" series. Each chapter sends up a different book in the series with more or less success. The Sex for Dummies chapter was quite funny, while the Internet for Dummies chapter was pretty lame (even lamer than the original, if I do say so my rather biased self.) Even so, at under eight bucks it's a fine stocking stuffer for any Dummies lover. 1 of 1 people found the following review helpful. Very funny if not taken too seriously. By William McNeill This book was pretty funny. Obviously anyone who reads this material thinking it's going to be a laugh riot will be disappointed. But it serves its purpose well, it's a great parody of the dummies books with their cutesy icons and tips. I don't understand how anyone can say it wasn't at least 2 or 3 stars. 1 of 1 people found the following review helpful. This book is not funny and a waste of time and money. By A Customer This book is not funny - a total waste of time and money. Poorly written, awkwardly constructed and riddled with humor not worthy of fifth graders. I do not know who these so-called writers are, but they are not humorists. Avoid at all costs

AT LAST! EVERYTHING YOU EVER NEEDED TO KNOW... BUT WERE TOO DUMB TO ASK. Finally a guide for the completely and hopelessly incompetent, covering a wide range of totally useless... uh, we mean useful... stuff that you'll be lucky to use in this lifetime. No that's not right. We mean you will use this stuff, yeah, like everyday!
SEX FOR DUMMIES: How to determine if you're male or female
RELIGION FOR DUMMIES: Selecting a religion, including a list of the best holidays and how to choose the best religious headgear
TELEVISION FOR DUMMIES: Where to sit, how to turn on the TV set and when to laugh
WINDOWS FOR DUMMIES: How to open, close, etc....
SO WHAT ARE YOU WAITING FOR?... BUY THIS BOOK! Note: If you're worried about looking dumb while purchasing this book, just tell the cashier casually, "This is not for me. It's for a friend of mine. I'm actually quite smart. Really." Not affiliated with IDG Books Worldwide, which publishes the "...For Dummies" series of books.
