**Carin Davis : Life, Love, Lox: Real-World Advice for the Modern Jewish Girl** before purchasing it in order to gage whether or not it would be worth my time, and all praised Life, Love, Lox: Real-World Advice for the Modern Jewish Girl:

7 of 7 people found the following review helpful. Cheaper than Hebrew school!By Stacey L. PearlCarin tells it like it is and makes this book a quick read, but leaves you thinking and laughing out loud. Her "schtick" and delivery is so candid . She makes the material very fun to learn about. I learned more from Carin regarding Jewish customs, holiday

foods, etc. than I did after 10 years in Hebrew school. I bought it for my single sister, but much of the book also appealed to me—married with 2 kids! 10 of 0 people found the following review helpful. Hilarious! By Allison WHilarious read. I would definitely recommend this to anyone who needs laugh! 8 of 8 people found the following review helpful. If Carrie Bradshaw were Jewish... By Emily G. If Carrie Bradshaw were Jewish, she would have written this book. Luckily, Carin Davis is Jewish, and she HAS written this book! This book celebrates what fun it can be to be a single Jewish woman, seeking to highlight those aspects of modern Jewish religion and culture that, in some ways, make the world a perfect playground for this demographic. In good fun, the book also offers up some new traditions, such as "Yom Alone" (which celebrates the virtues of "not bringing someone home for the holiday") and the re-Bat Mitzvah (in the spirit of the fact that "Bat Mitzvahs are wasted on the young"). In addition to great story-telling on the adventures of being a single Jewish woman, as well as hilariously clever English/Hebrew/Yiddish wordplays, this book also offers useful substance. It provides a succinct, accessible, and useful overview of Jewish holidays and other cultural traditions. It also includes some delicious recipes throughout (which are also written in a very fun and accessible way) and even a glossary of "Heebonics" at the end. I already bought this book as a birthday present for a friend—can't wait to give it to her to honor her 30th birthday! This book would also be great for anybody who wants to gain more insights on the cultural aspects of being a single Jewish woman and/or dating Jewish men (at least from one lighthearted perspective!). It makes for a very fun read to treat one's own self to as well. Enjoy, and l'chaim!

Like Manischewitz with a twist, this saucy book will show the young Chosen Ones how to mix their Jewish roots with their happenin' lifestyles. Bursting with playful anecdotes and amusing advice, *Life, Love, Lox* is the essential companion for any Jew looking to squeeze a little style out of the ol' Torah. Ten chapters in all—like "Challapalooza," "How to Lose a Guy in Ten Plagues," and "Lox, Stock, and Bagel"—dish on how to put together Shabbat dinner for the real world, how to meet the (observant) parents, and how to embrace the high holy days with style. Covering everything from Kosher Kissing and making matzah balls to Speed-Dating and the Dayenu Diet, *Life, Love, Lox* is the best thing to happen to modern Jews since the Glatt Kosher hot dog cart at Yankee Stadium. This is a humorous girlfriend's guide to living the hip life while keeping it Jewish.

The Forward Online, May 27, 2010 "Carin Davis gives the type of advice Carrie Bradshaw might give — but with a Jewish twist." Forward.com, 5/27/10 "Carin Davis gives the type of advice Carrie Bradshaw might give — but with a Jewish twist."
