Addictive! A book that reveals the true potential of Life and the importance of laughter. As Jay M Horne records a

dialogue of a very special kind, questions about Infinite, God, existence, and the human spirits unwavering strength to persevere and heal itself, are answered as he fights and wins his battle with addiction. Written, in such, simplistic form that even the weakest readers can grasp the concepts. For once, a refreshing book on spirituality that needs no interpretation.

First of all you are nuts, but I knew that 10 years ago and loved you anyway. Second of all so is everyone else they just aren't brave enough to broadcast it to the world. I commend your courage very much. I felt like you were right there telling it to me face to face holding my hand because you poured out your deepest feelings without fear. This creates a great connection to the reader which many authors so often fail to do. This human to human connection is what I think makes a great author. At times we believe that the world is only as deep as the people we surround ourselves with. Your kind of depth can remind people of the seas that are attainable if not isolated by fear. --Denika Smallwood
About the Author
My name is Jay Horne, the most honest person and best friend you will ever have the pleasure of meeting. I have been chewed up and spit out by every one I have ever kept company with. The inexorability of it always caught up with me, but despite the downfall I always refused to become the product of my environment. Over all of the years, through all the different calamities I have remained true to heart and genuine. Eventually, being an honest person lead me from those of unlike mind and into the company of amazing people. My perseverance paid off in the end, but boy was it a journey that led me through ups and downs, and eventually landed me in a spine tingling mud puddle of truth.
