**Patricia Lorenz : Life's Too Short to Fold Your Underwear** before purchasing it in order to gage whether or not it would be worth my time, and all praised Life's Too Short to Fold Your Underwear:

0 of 0 people found the following review helpful. Worth It!By SandraThis is a really funny book! Stories aren't too long so I can grab and read off and on(I'm not one to read a whole book dueto my crazy "to-do list").0 of 0 people found the following review helpful. Five StarsBy CustomerThis is a fun book to read. Very upbeat. Arrived sooner than expected.1 of 1 people found the following review helpful. A refreshing outlook on lifeBy A. J. HoffThis author

has refreshing perspective on life. In this book she speaks to the need to not take ourselves too seriously. Life is too short for many things and in each chapter, the author points out, with wit and humor, how to get through life with a positive attitude and a little fun, even when things are at their worst. I recommend this book. While it is not particularly ground breaking, it is a light hearted change of pace from more serious literature.

A gifted storyteller, Patricia Lorenz shares funny anecdotes about her own family: wayward pets, early-morning paper routes, mail-order gifts and more. She shares her secret for turning negatives into positives and provides real-life examples about becoming happier and more fulfilled. Her new book is sure to grab each reader's funny bone and shake her out of the rut of wrong priorities, self-pity and perfectionism! Combining common sense with good humor and a generous heart, Patricia Lorenz will inspire readers to a life that bubbles with creative solutions and contagious joy.
