Makes a great gift!0 of 0 people found the following review helpful. Five StarsBy Stuart ArthurSome classic, hysterical and occasionally nostalgic cartoons that I can relate to as a dad and son.

Legendary cartoonist Eric Decetis, known for his instantly recognizable "lost-puppy art," has turned his talent and keen observations on the world of fatherhood. In Life With Dad, Decetis's dads do their best to take an active role in raising their sons and daughters while still managing to play a round of golf. Hilarious and outrageous, Life With Dad is perfect for Father's Day or anytime.
