BB #12By Robyn CloughI love the Baby Blues series from beginning to present, it never fails to make me laugh. I can relate to so much of it! Glad I got to find all of the books on for great prices to read through the ones I never read!3 of 3 people found the following review helpful. True to LifeBy C. H. PoormanI have been a fan of Baby Blues since my daughter was born, eight years ago. I sometimes think that Mr. Kirkman and Mr. Scott hide outside my windows and take notes, because so many of their strips are right on the mark! If you have small children, are thinking about having small children, or just want a god belly laugh, I highly recommend the entire series of Baby Blues collections. Enjoy!

Darryl and Wanda have the parenting thing down all right, but they still continue to be surprised by the delightfully devilish antics of their two live-wire children. From first steps to bedtime snacks, from shopping adventures to sibling rivalry, Zoe and Hamish keep their parents on the move and the rest of us in stitches.Baby Blues chronicles the chaotic entertaining lives of the MacPherson clan as they chart a course through the everyday demands of family life. In a

style that speaks to parents and nonparents alike, *Baby Blues* charms its followers with scenes of child-rearing mayhem and devotion. In *Lift and Separate*, Wanda and Darryl continue to confront the ever-changing challenges of raising two active youngsters.
