So I am biased. Makes a great gift for an expectant or new Dad. Lots of "Let me just read this one to you" moments

Fun book for a gift.

Erin McHugh's last book, *Like My Mother Always Said*, collected a rainbow of helpful, humorous, and questionable wisdom from our moms and has been a solid success. It's not fair that mothers should get all the attention, so the next branch on the family tree to explore belongs to fathers. The same crowdsourcing that brought together the scores of quotations and stories for the first book is also at work here. From quips to short anecdotes, the book is divided up into all the sage and nutty information we garner from our fathers in chapters such as "Growing Up Right," "The Facts of Life," "Dad's Soft Spot," "Got It from Grandpa," "The Sporting Life," and "Ask Your Mother."
