(And he knows 's rating only goes up to five.) For me I'd give it a three. The book takes about ten minutes to read aloud, half the limericks are good and the pictures are well done. My son loves cats but we can not have one due to allergies so books and movies such as The Adventures of Milo and Otis are about it for us.0 of 0 people found the following review helpful. Gently FunnyBy Nancy MauermanThese limericks are gently funny,very cat-like and consistent in form and the pictures are beautifully colored. It just felt good to be with the cats so I was sorry when the book came to the end.I wrote and illustrated a gently funny book about a child trying to talk her way out of trouble. Bearos
