**Ken Carter : Limericks for Thinkers: Some semi-subversive, lightly lascivious, immoderately irreverent eruptions** before purchasing it in order to gage whether or not it would be worth my time, and all praised Limericks for Thinkers: Some semi-subversive, lightly lascivious, immoderately irreverent eruptions:

I know the limerick is not among the highest art forms, but the content of this small volume is really rather pathetic. A hugely better compilation along the same vein is Asimov's and Ciardi's "Limericks Too Gross". My suggestion for "Limericks for Thinkers": don't waste your money. Now that I am in the mood to write some original Limericks, this book is an immense reference. Highly recommend to anyone who seriously wants to write or read humorous Limericks. 1 of 1 people found the following review helpful. Poor meter, not particularly funny By Mr. Wow, just what we needed - another book filled with limericks of dubious quality. There are two qualities a limerick should possess: good meter and a some kind of punchline. Sadly enough, quite many of the limericks here fails on both accounts. Go for Norman Douglas "Some Limericks" instead if you want high quality limericks.

But you just can't offend people like that! Well, we don't expect thin-skinned moralists or religionists, or even political right-leaners to enjoy these limericks. But that leaves a lot of us to savor some good-humored swipes at dominant figures and mores. Here are some versified musings by one who's been around the block, and is ready to unburden himself of some residue of his prejudices, passions, and jaundiced observations. He'd love to think that this collection might prod others to enlist whimsical measures to share theirs.

About the Author Does a retired university professor/psychologist's background qualify him as a writer of limericks? Seems doubtful, but who can tell the source of the light verse muse? It's afflicted his otherwise sane retirement with his wife Mary in sunny California, after most of a lifetime in frigid, but wonderful Vermont.
