Lindsay Crane : Limericks in the Time of Trump before purchasing it in order to gage whether or not it would be worth my time, and all praised Limericks in the Time of Trump:

1 of 1 people found the following review helpful. Humor for the tough days ahead.By Cathy BlackburnI have really enjoyed this little book and have shared it with all my liberal Democratic friends. I have also shared it with my few Republican family members. Several have taken pictures of the front of the book so that they can look for it on . I

would recommend it to anyone who enjoys a little humor during these trying days. 1 of 1 people found the following review helpful. Funny, witty, and Educational. By Jennifer Joy Wright Some books are the books you want, others are the books you need. This is a book you need. Whether you hate Trump or only kinda hate Trump this is the book for you. Witty limericks that will not only make you laugh but will improve your vocabulary. This is the kind of book that you can pick up for a couple of minutes each day and laugh a little and then come back to tomorrow. Not to say you can't read it all at once, but trust me you will have more fun the other way. The authors' of this book did a great job at making sure it was funny, witty and socially relevant. 3 of 3 people found the following review helpful. Trump-isms at their best! By The Traveler A humorous, light-hearted look at life with The Donald as our president. I'm a right-winger but we're all in this together. It's impossible not to laugh out loud at some of the limericks these folks have penned.

Political satire at its best! One hundred and one limericks that spoof the candidates, the process, and especially the finalists in the 2016 presidential election. Composed by four sharp-eyed observers and based on unusual words selected by Anu Garg, founder of Wordsmith.Org, the limericks will make you laugh, cheer, nod in agreement, and vow to remain awake during the next four years. Original cover art and 5 cartoons. Ideal gift for the shocked, the disappointed, the humor-lovers, and political junkies everywhere.

About the Author Lindsay Crane is a psychologist, editor, grammar grinch, hot-headed activist, and author of a thriller about endangered species (The Lie-Catcher in the Primate House).
