When you're down and troubled and you've got nowhere to turn, the infectious happiness of the corgi will save the day. These little bundles of doggy joy are so effective that even Her Majesty the Queen has filled her palace with them! In this book, 50 of the cutest corgi photos are accompanied by positive maxims, showing you how your life can be a walk in the park if you follow the corgi philosophy - love, laugh and generally lap up life!

About the AuthorAfter being left for dead in the Pembrokeshire wilds, Trevor Davies was raised by a pack of Corgis before being discovered scooting along a library carpet and taken in to civilised society to lose his corgi ways... he was only 39 at the time. Since then, he has worked on some of the most successful pet books and turned his hand to penning a few, including Puppies for When Sh*t Happens and the corresponding Kitten version. He is now fully house-trained and lives in Kent with his wife and cats (Frazzle and Pringle).
