**Jenny Mollen : Live Fast Die Hot** before purchasing it in order to gage whether or not it would be worth my time, and all praised Live Fast Die Hot:

Hysterical and Honest View of MotherhoodBy MJIf you don't know who Jenny Mollen is you're missing out- granted I've never read her first book and I didn't know she existed until about six months ago when I stumbled upon her page on Instagram- I love this book!She's the only person brave (or crazy) enough to write down what we all think in our heads. Her humor and view of life is along the lines of Chelsea

Handler, Lena Dunham, or even Jim Gaffigan- it's bold, honest, and totally relatable. No, I don't own a Birkin (or have a fake bag guy lol) and I definitely could have used a nanny/nurse for my first and second child but despite the lifestyle and celebrity status that most of us aren't privy to she's still Sid's mom and Jason's wife and totally winging it like the rest of us. If you aren't then you're either a) lying or b) you came out of the womb Benjamin Button style and were probably doing your parent's taxes at the age of three and you wouldn't appreciate the honesty in this book. It's easy to read, covers a variety of life's ups and downs, and made me laugh out loud so often my husband banished me from the couch while reading it because I was disturbing his game. Is it an instant literary classic with copious amounts of symbolism, syntax, and the answers to all of life's great mysteries? No, but is it hysterical and a great break to read while I'm nursing my newborn and my toddler is drawing on every surface possible with a black crayon- yes! If you're a mom or about to be a mom I'd add this to the short list and get ready to laugh. 2 of 2 people found the following review helpful. The Celebrity We've Been Waiting For! By tcs112 Jenny Mollen is hilarious! I saw her initially on Chelsea Handler's various shows with her husband, Jason Biggs. I never been a huge fan of him, but when I saw them interviewed together I thought they were just so funny and adorable together, so I started following them on Instagram and purchased Jenny's book. I didn't read her first book, but I'll definitely go back and read it now. She is such a down to earth celebrity and says everything moms and wives wish they'd say! 3 of 3 people found the following review helpful. Who wouldn't want to hang out with Jenny? By Pamela Landon I have read both of Jenny Mollen's books and have enjoyed them both very much. I love reading books written by real people, telling real stories. And, if I can laugh while I'm at it, it's a bonus. She really just says what all of us women feel, but mostly sound ridiculous if we say it out loud. Thank you for sharing your stories.

**\*A NEW YORK TIMES HUMOR BESTSELLER\*** By the author of *I Like You Just the Way I Am* and a frequent Chelsea contributor, an outrageous collection of personal stories about motherhood, responsibility, and other potential disasters Jenny Mollen is a writer and actress living in New York. Until two years ago, her life was exciting, sexy, a little eccentric, and one hundred percent impulsive. She had a husband who embraced her crazy—who understood her need to occasionally stalk around the house in his ex-girlfriend's old beach caftans and to invite their drug dealer to Passover seder (so he wouldn't feel like they were using him only for drugs). Then they had their son, Sid, and overnight, Jenny was forced to grow up: to be responsible, to brush her hair, to listen to her voicemail. *Live Fast Die Hot* is a collection of stories about what happens when you realize that some things are more important than crafting the perfect tweet. It follows Jenny to Morocco, where she embarks on a quest to prove to herself that she can travel alone without reenacting a plotline from *Taken*. It shows her confronting demons—most of them from childhood, a few from the spirit realm. And it culminates in Peru, where Jenny decides that maybe the cure for her anxiety as a mom lies at the bottom of a cup of ayahuasca. Hilarious, outlandish, and surprisingly affecting, *Live Fast Die Hot* reminds you that even if you aren't cut out for parenting, at least you can be better at it than your mother.

"Mollen is the voice behind @jennyandteets, which is chock-full of potty humor, sexual innuendo, and bad behavior. If you like this kind of thing — which I do — you'll inhale her memoir like an illegal substance (which the author has also likely inhaled at one time or another). Sharp, saucy, and mildly disturbing, she reminds me of a young, psychotic Nora Ephron." —New York Magazine's Vulture "Jenny Mollen is hovering only slightly above sanity, which is the one quality I require in order to be friends with a mother. This hysterical circus of a book reminds me why we're friends." —CHELSEA HANDLER, #1 New York Times bestselling author of *Uganda Be Kidding Me* "With her incomparable wit and acidic wisdom, Jenny now turns her signature perspective to the most terrifying of feminine terrain: motherhood. And with a generous helping of demented antics and just enough vulnerability to make you cry, she'll have every complicated woman thinking they just might be up for the job. Lord help us all." —LENA DUNHAM, #1 New York Times bestselling author of *Not That Kind of Girl* "I kind of can't believe Jenny Mollen is an actual person and not a character -- she's biting, hilarious, surprising, over sharing, and relatable." —ANDY COHEN, #1 New York Times bestselling author of *The Andy Cohen Diaries* "Raunchy, witty, whip-smart fun. Jenny Mollen is the girl your mother warned you about." —JENNIFER WEINER, New York Times bestselling author of *Who Do You Love?* "The wild, wonderful Jenny Mollen unleashes her life story... Proof that life is often stranger and always funnier than fiction." —PIPER KERMAN, #1 New York Times bestselling author of *Orange Is The New Black* About the Author JENNY MOLLEN is an actress and the New York Times bestselling author of *I Like You Just the Way I Am*. She was a columnist for *Playboy Online* and *The Smoking Jacket* and has contributed to *Cosmopolitan*, *Glamour*, *New York*, *Elle.com*, and *Grub Street*. She has been heralded by *The Huffington Post* as one of the funniest women on both Twitter (@jennyandteets) and Instagram (@jennyandteets2), and named one of Five to Follow by *T Magazine*.
