When I saw that she had an adult coloring book I was very excited to purchase it. I love the quotes that are on each coloring page. They are designed to be uplifting and also can give you something to think about while you are coloring. The coloring sheets have everything from a sailboat to flowers to magical trees. There is a wide variety to suite every taste. I used gel coloring pens when I colored in this book. The ink did not leak through the page to the other designs. Each page is made of high quality paper. I love that the pages are easy to tear out if you want to display them. I plan on purchasing several other copies for gifts. 0 of 0 people found the following review helpful. Inspirational coloring book with great pictures! By Jamie F. What a great coloring book! Makes Great Gift By Customer I don't care, but those who received as a gift loved it. I gave out seven along with color pencils. Impressive quality. Good gift. Would recommend.
