Cindy Adams : Living a Dog's Life, Jazzy, Juicy, and Me before purchasing it in order to gage whether or not it would be worth my time, and all praised Living a Dog's Life, Jazzy, Juicy, and Me:

1 of 1 people found the following review helpful. Living a Dog's Life, Jazzy, Juicy, and Me By Bonnie Rennels I'm a Doggy-mom and have recently added a Yorkie to my Fur-baby Pack. I've been excited to read all the books I can that have a Yorkie as the subject matter or one of the main characters. Cindy Adams books are a fun read for many reasons. They're a light, easy read and are chocked full of tidbits of New York Society that I can only experience vicariously. She's lead an exciting life and she's a good writer. You only have to read a few pages to realize how very much she loves her dogs. The section dedicated to the traumatic death of Jazzy was one of the most touching passages

I've read. Her narrative of the events was so descriptive that I felt the pain of loss along with her. Though her books may not appeal to everyone, in my opinion they are a must-read for anyone who has surrendered their hearts to a Yorkie. 0 of 0 people found the following review helpful. Five Stars By dee easterlyfun book. 1 of 1 people found the following review helpful. Wonderful By T A Craddock Jr I read her first book and fell in love. Couldn't not buy the second book and learn about Juicy. I am enjoying my reading!

The swell of dog love that met Cindy Adams everywhere she went after the publication of *The Gift of Jazzy* made it clear that Jazzy's fans were primed for the next installment. And since, in Cindy's own words, "Yorkies are like peanuts. You can't stop at just one," her decision to bring Juicy into the family gave her ample ammo to do just that. But it wasn't long until her beloved Jazzy—who had become her closest family member and helped her cope with her husband's death—passed away unexpectedly. Cindy was devastated. Jazzy's paw prints had been indelibly imprinted on her heart and nothing and nobody would ever replace him. Cindy was certain she would never love again. But as her relationship with Juicy grew, and the loving, single-minded pooch claimed her rightful place in the center of Cindy's lap, she realized that yet again a wise four-legged companion had shown her that "Life is good. Life goes on." With her signature wit, smarts, and taste for celebrity dish, Cindy Adams shares the life lessons she learned from both her saviors—Juicy and Jazzy.

From Publishers Weekly Adams, gossip columnist for the New York Post and author of *The Gift of Jazzy*, would like everyone to know that she doesn't need a man. After all, she has her Yorkshire terriers. They—Juicy and Jazzy Junior—dominate her life, and she loves them for it. Repeatedly, they teach Adams that "life is good," and she often relays this truism to the reader. Life indeed may be too good to fritter even a few hours on this throwaway read. As in her column, Adams writes in a fast, talkative style, dropping names, telling tales and returning again and again to the better companion dilemma: man vs. dog. The gist is this: the dogs are cute, they love her, she loves them, everyone loves them, she knows famous people, the dogs embarrass her in front of famous people, she loves them more, men approach, men retreat, she loves them even more. Repeat. Although Adams is genuinely heartfelt about her dogs—especially about the death of Jazzy, the star of her last book—240 pages is an awfully long love letter. Adams's fans, Yorkie-philes and celebrity gossip junkies may glean a bit of frivolous fun. Anyone else will likely feel they've been suckered into yet another empty sequel. (Mar.) If I were a pup, I would wag my tail." -Barbara Walters "For anyone who loves dogs, this book is a must read, an absolute joy." -Liza Minnelli "Cindy made me laugh and yes, cry, as she chronicled the saga of Jazzy and Juicy, revealing the extraordinary love between humans and their four-legged children. A hilarious, heartbreaking read for those who know that these creatures are really little angels sent down to fill our lives with love and joy." -Catherine Crier, former judge, bestselling author, Court TV host, AND parent to six dogs and four horses "Cindy's observations are hysterically funny with a lot of humanity and charm. She writes the way she speaks; a very rare gift. Her unique New York brand of humor comes through brilliantly and is a treat for every reader of this book." -Susan Lucci "You might remember that Cindy Adams is a terrific writer, and in this book you feel the passion of someone pouring forth all the love in her heart for that amazing wonder of nature, the dog. Which is a good thing, because she sure doesn't waste it on humans!" -Dog Lover Bill Maher
