By LibertarianReview Delightful words and pictures mostly for women. If men are smart they will buy this book, read it and learn something about the opposite sex. A great read that brings delight and enjoyment. 0 of 0 people found the following review helpful. Every woman's been there and some have been there again and again! Best-selling author Bradley Trevor Greive (BTG) understands (really, he does) the very essence of woman's age-old quest for her soul mate, the endlessly frustrating search for "Mr. Right." Women from all walks of life ask, "Why is a good man so hard to find?" BTG has the raw objectivity, brutal honesty, and deep insight into the male psyche (after all, he is the enemy) to provide a credible answer: "Hey, maybe there aren't any!" Bradley Trevor Greive again has combined witty, original text with superb, side-splitting photographs (retro images of people this time) to perfectly illustrate a simple, but powerful message about how we choose to live our life and who we choose to share it with. Looking for Mr. Right is one of the

most hilarious, uplifting books for women ever written and makes an absolutely ideal gift for all ages.
