Lou Brooks Lou Brooks : Lou Brooks: Twimericks : The Book of Tongue-Twisting Limericks (Hardcover); 2009 Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Lou Brooks: Twimericks : The Book of Tongue-Twisting Limericks (Hardcover); 2009 Edition:

5 of 5 people found the following review helpful. A little twisted, but in a good way.By David BurdThis book proves that Lou can do things I didn't know he could do, and it's true he can do them well too! A book by Brooks that looks like a million bucks. Having just read a few Twimericks out loud, I can't help but write like that.I have to admit, I love everything that Lou Brooks does. Lou's illustrations are always wonderful and this book is an extra treat because he has developed an art style I haven't seen him use before. Created just for this book? Impressive!But the big surprise is that Mr. Brooks has created a whole new poetic form, a combination of limerick and tongue twister, that is delightful to read out loud and at the same time almost impossible. Equal parts art book and poetry book, while being a 100% fun novelty book, Twimericks is the latest craze in the making. It makes me wish I were 10 years old and sharing tongue-twisting limericks with my fifth grade class, though it's great for winning bar bets, too.Recommended for anyone with a tongue.0 of 0 people found the following review helpful. We had so much fun attempting to recite these tongue twister that one of ...By CustomerI gave it away as a prize at a Belated St. Pat's party. We had so much fun attempting to recite these tongue twister that one of my guests is going to send each of her nieces and nephews a copy.0 of 0
