Provides a way to print a page a timeBy Ali JuliaI am an occasional buyer of coloring book as each one lasts me a fairly long time, but even I see some familiar designs that are repeats from other books. These authors must get the designs from some common stock photos. However, what I like about this book that it has a PDF download at the end of the book so I can print a page at a time and only the ones I really like. My favorite designs are whimsical owl and elegant swan.Ali Julia review1 of 1 people found the following review helpful. So many lovely birds to color!By Paisley AuditsI purchased the digital Kindle version of Lovely Birds:

33 Amazing Bird Designs for Relaxation and Relieve Stress. I was able to quickly find the PDF download link at the end of the book, on the very last page. I have purchased a few adult coloring books this way and it's way more convenient for me to print the pages out when I want to color them instead of having multiple physical coloring books laying around. I've seen several books this way, a lot of them are very similar. Some of them are exact copies of the same coloring patterns from free images. This book is in the same style as those other books, however the pictures are of really fun, and more often than not, extremely adorable. I love this book and I will be coloring the majority of the images from within. If you're into coloring adorable birds this book is for you! 0 of 0 people found the following review helpful. Great book of birds. By StormAn exquisite book of our feathered friends. Great chance to do blending and texturing of color's. Or just to cut loose and have fun. Can't wait to print them off and color.

100% original illustrations 33 unique hand-drawn illustrations This adult coloring book is perfect for adults who want to relax, stress relief, or amuse themselves after a long day. Unique Stress Relief Designs For Your Coloring
