This has been one of my favorite coloring books by far I love the designsBy Lorraine F.This has been one of my favorite coloring books by far I love the designs. Each page is complex but easy enough to complete in one sitting. I have nearly completed the book and will buy some of the other books in

this series. One thing about this book is the paper is really nice with a smooth texture that takes ink really smoothly with full coverage without requiring going over multiple times. The pages are perforated so they can be removed and used as journal pages or framed. I use markers and unfortunately they bleed through the page so the reverse of the page is dotted up with bleed-through but there isn't much help for that. Also, the designs are all different but have similar design elements from page to page so the lack of variety in the details might not appeal to some, Otherwise I love the book myself and highly recommend it. I used a wide variety of pens - sharpies, color pencils and gel pens. 0 of 0 people found the following review helpful. "Lovely Labrador and Golden Retrievers" is the third adult colouring book from the series "Paws for Thought". It contains 24 hand drawn, single sided illustrations featuring Labrador and Golden Retriever dogs. Each illustration is included in two sizes: one per page and two per page. The smaller size is ideal for testing out your colour schemes or to cut out and frame. There are lots of opportunities to practice your techniques colouring cute Labrador and Golden Retriever dog and puppy faces. They lend themselves perfectly to the practice of mindfulness and relaxation! These illustrations are designed to challenge even the most experienced colourists, but there are some simpler illustrations for some light relief! Single sided designs printed on medium weight white paper - perfect for pastels or coloured pencils, this book would make a lovely gift. If you prefer to work directly inside the book using gel pens/markers, it is advisable to place a sheet of plain paper between the pages to prevent bleed through. Or, you are free to photocopy these designs on your favourite paper or card for your own use.

About the Author I am an illustrator who loves intricate geometric patterns just as much as figurative art. Doodling and sketching is a favourite pastime and many ideas come from drawings I make on random bits of paper. I graduated from Wimbledon School of Art in London, starting out as a scenic artist at the Theatre Royal Windsor. I have worked in other theatres in the South East, moving onto film sets and even theming large premiere parties. Now I prefer the gentleness of illustrating to the noisy world of theatre and film (though I still love the smell of fresh sawdust).
