1 of 1 people found the following review helpful. Good comic! By LN This comic gets parenting right. It's nice to read when things feel overwhelming since there's a sense, of "yeah, this is how parenting and life is, but hey it's a lot of fun too." And that is an awesome thing to be reminded of. 1 of 1 people found the following review helpful. Great gift for new parents By Thuy Should be a coffee table book for every new parent, sitting right next to "Go the ... to Sleep" by Adam Mansbach. 0 of 0 people found the following review helpful. If you're reading the reviews you should just buy it....really By matt p. I follow his comics on Facebook and this is a great compilation and way to support him. I love the comics and humor. I tell people it's got the heart of family circus with the humor of reality and the way things are. Find Lunarbaboon on Facebook for a sampling of the humor. Do yourself and Christopher Grady a favor buy the book. Support a guy who I assume does this as a hobby and is great at it.

Explore the daily struggles and humor of family life with Lunarbaboon. He's just like any other dad--but vaguely

hairier because he's half man/half moon monkey. Lunarbaboon shares life's parenting moments from the perspective of a 30-something dad/husband/chaos survivor. Together with the savvy, laid back Mom, wild child Moishe, baby Matilda, and a former Julliard student (their cat), Lunarbaboon must navigate the family and social dynamics of everyday life. Ranging from the hilarious (defeating closet monsters with a "stun" blaster that offers surprising facts about bears, Mars, and cats) to the sweet (the gray scale-to color transition out of depression at the touch of a loved one), this collection explores the bonds within a family and all the characters who bring both order and chaos to life. Lunarbaboon's perfect meld of crabby humor and moments of impactful honesty give these comics a wide range and distinctive voice that's both comical and sincere.

"These parenting comics will make you have every damn feeling." (Loryn Brantz, BuzzFeed) "Dad's comics nail the hilarity of raising kids today" (Caroline Bologna, The Huffington Post) "...highlights the funny and rewarding side of being a parent." (Joseph Barberio, Working Mother) "Lunarbaboon ...flawlessly illustrates all of life's struggles, joys, and WTF moments that come with being a parent." (Tanvier Peart, CafeMom) "Grady's comic strips portray life as a dad in a way that is honest and funny and often subversive...and is great reading for parents who need a little perspective and humor about their lives." (Jonathan K. Liu, GeekDad)
