Fun memories!By FOXY ONEI read and collected MAD in the 70's and when I went off to college my mother allowed my nephew to "borrow" them andI never got them back-an entire decade of MAD was gone. This book brings back all the great memories and I love the artwork (I was an art major). Only disappointment: It doesn't include the satire on "The Sting" but it does show the cover of that issue.0 of 0 people found the following review helpful. Three StarsBy Amy 51It's just like the magazine my brother used to get years ago, pretty fun to look at again!

So sit back, grab a Billy Beer, and get down, get funky, and get it on with "Mad About the Seventies." And may their farce be with you!
