Included in this magnificent collection are some of the greatest works from Dave Berg—one of MAD Magazine's most popular writers/artists. The material will be presented chronologically and interspersed throughout with rough sketches,a rare 1970 interview, an introduction and portrait of Berg by well-known American illustrator Drew Friedman, a “growing up with Dave Berg” essay by his daughter Nancy Berg, newly illustrated versions of classic Berg strips by several noteworthy cartoonists, and much more.

For anyone who wants to read Berg's work, this book provides brilliant insight into his cartoons and his life via interviews and testimonials from daughter Nancy and others he influenced.Library Journal
