Clarissa Barnes : Magic Christmas: Adult Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Magic Christmas: Adult Coloring Book:

1 of 1 people found the following review helpful. Great quality printing and paper, good choice of Christmas and holiday pictures, many with unique features.By CustomerThis is a really nice coloring book, just full of all different kinds of Christmas and holiday pictures. There are many standard Christmas items; bulbs, snow globes, trees, stockings, yet many have very unique features. The "Look Inside" feature on is active on the listing so you can see some of the pictures yourself. It was really hard to choose which picture to color first, and I ended up picking a Santa style hat that had a very interesting background and I really enjoyed coloring it.The paper is a nice medium plus weight, definitely not the average thin weight you get in a lot of today's coloring books, though this book is listed for a great price on . All of the pages are single-sided, and each picture is "framed" so there is plenty of white space around it, if you want to remove the picture from the book to actually frame once it's completed. The pictures are nice and

detailed without being too difficult for the beginning or average colorist, yet challenging enough for someone who is more experienced. All in all this is a great book, especially for the price and I'm very happy with my purchase.0 of 0 people found the following review helpful. So fun!By Monica from A Southern Girls BookshelfLoved this coloring book! It has great pictures and I'm enjoying them so much!

'Tis the season for coloring! Grab your crayons, colored pencils, and gel pens and color your way through this magical coloring book for adults filled with over 30 beautiful stress-relieving Christmas-themed illustrations including Christmas trees, wrapped gifts, gingerbread cookies, ornaments, snow globes, and more! Each whimsical coloring page is one-sided, allowing colorists to avoid bleed-through when using markers or gel pens. Magic Christmas is a wonderful Christmas gift for anyone that loves adult coloring books or needs a bit of relaxation this holiday season.
