Joni Ryan : Magical Mystical Volume 1 (Birds of a Feather Coloring Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Magical Mystical Volume 1 (Birds of a Feather Coloring Books):

1 of 1 people found the following review helpful. FANTASTIC PICTURES TO COLOR AND FRAMEBy donotbuyAn awesome coloring book! All of the images are hand drawn art and Joni is clearly very talented. I have seen many coloring books for just a few dollars and they are garbage. The detail in this book is amazing and well worth the price. Hours of fun and the finished pictures are beautiful. I love the creatures, fairies and spiritual drawings...highly recommend it for all ages :)
