Norman Thelwell : Magnificat before purchasing it in order to gage whether or not it would be worth my time, and all praised Magnificat:

1 of 1 people found the following review helpful. blast from the past 2By lwWhile this Thelwell novel is only one book, it was the first time I had seen it advertised. This may be because I think Thelwell was more commonly known in England.I would recommend this novel for the cat lovers (as most would see by the cover art) that it deals with the humorous side of owning and caring for a cat. Non cat lovers might get a kick out it as they can count themselves

lucky not to be owned by a cat. All in all, I thought it was a good purchase. Whether or not I will be able to part from it for a member of the family as a gift, that is still undecided. Thanks for the good read. 0 of 0 people found the following review helpful. Love all Thelwells especially the pony and other animal ones ...By Rachael Love all Thelwells especially the pony and other animal ones which I can look at over and over and never get too much! This one is no exception. 0 of 0 people found the following review helpful. Cats are just funny By essie Though not as strong as the horse books it is still fun.

Magnificat portrays the domestic cat in all its preening, self-important glory and Top Dog gets to the heart of being a pampered pooch.

About the Author Since their debut appearance in Punch over forty years ago, Norman Thelwell's cartoons and drawings have delighted millions of people all over the world. His portrayals of sporting pursuits, human beings at play, the life of the British countryside and, of course, ponies, are the products of a unique comic genius.
