If you ever get tired of the gridlock in DC, then this will surely help alleviate some of your angst.2 of 2 people found the following review helpful. I hope every congressperson gets to read this bookBy K. Stewarda delightful read providing some fun scenarios that our Congresspersons should all have to deal with, especially the tax forms one.1 of 2 people found the following review helpful. MehBy M. SteelmanCute idea - just okay. Takes 5 minutes to "read." If it's free go ahead and get it but don't pay even 99 cents for it.

Tapping into Americans' collective disgust with politics in general, this riotously funny book describes in hilarious text and photos all the ways we can get some real use out of politicians by making Congressmen our "bitches." Fed up with Congress? It's Time to Get Even!Feeling like you'd trust your local used car salesman more than your member of Congress? You're not alone! Democrats and Republicans everywhere are sick and tired of our "Do-Nothing-Congress." Are you ready to get even... in a radically different way? Great! Because we've got the solution.It's time

to Make Congress Your Bitch. In 50 wildly disrespectful and irreverent scenes, our Congressmen are forced into performing a variety of tasks around the home that are guaranteed to bring even the largest of political egos to their knees. Literally. Congress is back in session. But it's not quite what they expected: Toilet backed up and it's the third time today? No problem. You've got a Congressman to get in there and tackle the job. Dog won't bring in your newspaper from the street? No problem. Now you've got a Congressman who knows how to fetch (on all fours, no less). Feel like having breakfast served to you in bed this morning? No problem. You don't need a butler; you've got a Congressman! Because Congress is the opposite of Progress, we think it's high time to Make Congress Your Bitch! No Congressmen were harmed in the making of this book. (They were just humiliated.)
