Author Sandy Robins and photographer Paul Smulson have captured some of these and many other funny and thought-inspiring poses with words and photos. Buffy the red tabby is the purrfect model for cats

everywhere, and this book will put a smile on all cat lovers' faces. 5 Paws for this creative and imaginative book.

If cats really did have nine lives, none would live all of them as fully as Buffy, an orange tabby from the suburbs of Chicago. In the course of his lifetime, Buffy was a bartender, a judge, a DJ, a teacher, and a dental hygienist. Like many who live and work in a city, he spent his days eating breakfast, commuting on public transit, going grocery shopping, and enjoying a cold beverage at the end of a long day. There were the chores—mowing the lawn, chopping firewood—but then on weekends, he laid out at the beach, took the kayak out on the water, went fishing, and relaxed by listening to music. Follow Buffy along on 100 of his adventures, depicted in full-color photography, and learn what it means to make the most of all nine lives!
