6 mins to read entire book which is more like a very small sample. None of the subjects mentioned were even in the book. All it mentioned were things to celebrate such as changing the bed sheets on the first of the month and a cartoon for each suggestion. Don't understand why I received such a defective kindle version but I did. Sadly I couldn't open the book the first few days upon receiving it. So I'm stuck with a sample size but nowhere does it state sample. Disappointed I lost my money on this book and no way to have it corrected since today is day 8. My suggestion to kindle readers is to look at the book upon receiving it and if yours is defective get an immediate refund. I missed out by one day. 2 of 2 people found the following review helpful. Kindle Edition is a "Mini-book" By Loren D. Doty Was looking forward to reading this book as I had read other books by Barbara Johnson, but finished it in less than 30 minutes. Ordered the Kindle edition and thought it was supposed to be 197 pages. Instead it was a "mini-book" with only 6 very short chapters. Material was good, but disappointed in the length. It is certainly not 197 pages as advertised and no where in the description was it referred to as a "mini-book." 0 of 0 people found the following review helpful. Woman of Courage and Faith By Cherry L. Jerlow Am familiar with her work. She contributed pieces for a "women of faith" devotional book I have. Saddened when I found out she had died from brain cancer. She had many tragedies in her life, and her ability to turn those negatives into positives and find the humor and joy in life makes her a truly inspirational being. I'm thankful she chose to share her faith in God with the rest of us. He really is a great "healer". Her humor will be missed.

Laughter laced, reality based, and just a little bit off the wall, this book is vintage Barbara Johnson? a gift of hilarity and hope from America's queen of encouragement. Barbara Johnson has staked her life and her ministry on the healing power of a positive outlook. But here she zeroes directly in on the therapeutic benefit of a smile, a giggle, and a good, old-fashioned belly laugh. She insists that laughing in the face of adversity is not a form of denial, but a proven tool for managing stress, coping with pain, and maintaining hope. And to prove her point, she presents this funnybone-tickling, heart-touching laugh manual? packed with hard-earned wisdom . . . and custom designed to nudge you (giggling) down the road to positive living.

About the Author Barbara Johnson was the founder of Spatula Ministries, a coauthor of various Women of Faith devotionals, and the author of numerous bestselling books, including Boomerang Joy, Living Somewhere between Estrogen and Death, and Stick a Geranium in Your Hat and Be Happy.
