fully met my expectations, I have enjoyed coloring in it. I would recommend it to others.

We all want a little man candy in our lives, so why not in our coloring books? Are you tired of coloring eye-boggling mandalas and pictures of plants? Enjoy 30, one-sided pages chock full of hot men—from firefighter to surfer, cowboy to knight. Enjoy coloring their hot physiques, naughty grins and sometimes raunchy, always hilarious pick-up lines. Are you ready to break the mold and color outside the lines? Then these hot hunks are waiting for you. Wonderfully inappropriate and not intended for children.

She considers herself to be remarkably normal, exceedingly introverted and fairly vanilla, which does not explain her steamy stories and her fascination with cowboys, preferably more than one at a time. She lives in the Wild Wild West where there's an endless source of 'research' material.
