Michael Jenkins : Man-Child before purchasing it in order to gage whether or not it would be worth my time, and all praised Man-Child:

2 of 2 people found the following review helpful. Sells his soul for \$3.99!By harro3Quite possibly the best \$4 I've ever spent (kindle edition), Michael Jenkins, confesses his life experiences with the audience. He puts into writing what most people wouldn't tell their pillow. With his sarcastic, pessimistic tone, he will captivate the reader from beginning to end.1 of 1 people found the following review helpful. Best \$4 I've spentBy Leslie A ToddI stumbled upon this by accident and after reading the preview I had to read more! Jenkins does not disappoint. His writing style is so witty

and funny. If I have one complaint, it's that when I reach the end of the story, I want more. Read this book, you won't regret it! 1 of 1 people found the following review helpful. Nice Job.....By JanetI loved the collection of essays, and found myself laughing out loud at Mike's descriptions of his life experiences. Truly hope he works on another literary endeavour.

In this collection of 21 essays, Michael Jenkins takes a humorously philosophical approach to the everyday aspects of life. Whether comparing himself to Rocky Balboa in order to pass an English class or asking a one-thumbed woman how she cuts her steak, "Man-Child" tells of the experiences and philosophies of an immature man reluctantly searching for an identity in the adult world. These experiences could be used as a lesson on what not to do in any given situation, but only if you don't want a story to tell.

About the Author Michael Jenkins is a self-celebrated author. His works can be found on bookshelves throughout his studio apartment. He is most likely at this moment shaking his fist at the sky or petting his fluffy dog. Her name is Goober.
