I bought 2 because i couldnot choose.It is super relaxing to just shut down everything and focus on making something beautiful.0 of 0 people found the following review helpful. Love thisBy Nikki BryantI love this! I can sit for hours and color these in such wonderful patterns and shades. Recommend for teenagers and adults. Helps me to meditate also with peace.0 of 0 people found the following review helpful. nice to haveBy Donnetta K. McgannBeautiful mandala drawings to color. Interesting that they aren't centered. They spin off from the corner. My only complaint is that the pages don't tear out easily.

The drawings in this book are inspired from beautiful mandalas found in many different religious and cultural

traditions. The meaning of mandala comes from Sanskrit meaning "circle". Mandalas offer balancing visual elements, symbolizing unity and harmony. To create a concentric theme I selected a center point then built them out with radial lines and small shapes to make this book "Mandala Adventure 2". A different approach was used compared to other mandala coloring books. Each design covers the whole page to give a new feel (symmetrical designs with an asymmetrical placements on the page) and offers up the whole page for coloring, instead of just a circle centered on every page.
