Definitely seems like it would make a better children's book as it is very short and mostly pictures. I still love corgi books of any kind! Was great to see so many cute corgi pictures! They are just the cutest and greatest dogs in the world! 0 of 0 people found the following review helpful. Five Stars By julie n clute Corgi seal of approval. 0 of 0 people found the following review helpful. Delightful! By Joan Jaronczyk We loved following Sweetweet and Wellie through the seasons! Would be a great gift for any age of Corgi lover.

Animal lovers rejoice! "The Corgi Companion" reveals the secret of the canine mind. Follow two Welsh Corgis

throughout their day-to-day routine as they merrily communicate with each other and the world around them. Dogs are spiritual beings capable of deeply-felt emotions. They have strong connections to their loved ones-both human and animal. Never underestimate this relationship; I have seen it proven time and time again. Furry, foxy, and uplifting darlings are these two love-giving spirits, Wellie and Sweetweet, the Welsh Corgis who invite you into their world!
