Since they didn't offer Cubicle Etiquette 101 when you were in college and your employee handbook has no mention whatsoever on what to do if your cubicle mates are stinky, loud obnoxious, or just plain annoying, The Cube Farm Handbook is here to help! This book provides some great pointers on how to deal with aggravating cubicle coworkers who stress you out. You will also learn how to avoid some of the pitfalls that can lead to becoming a despised cube mate. If you are unfortunate enough to be surrounded by some nutty or annoying cube mates, which you fear is causing you to lose your sanity, then you need to read this book. Not only is it a fun and informative read with lots of graphic depictions, you will find that it will serve as a companion and reference guide throughout your cube farm life. And if you have friends or family members who live a cube farm existence, do them a favor and get them a copy of this book - you will be saving their sanity and they will be forever thankful and indebted to you!
