Really funny!!!By Marty NovemberFor those of you who enjoy the absurdity of the human condition but can't find words to express your incredulity then you're in luck. Goulekas has done it for you. In this brilliant text she takes every day news stories and finds the humor and absurdity that we foist upon ourselves daily. You'll enjoy perusing this for a long time.0 of 0 people found the following review helpful. Limericks at their most hysterical best!By L. BeckNot only are these clever daily limericks incredibly funny and often

very naughty, they are richly opinionated and give an insightful commentary on the news and our strange world. I have this book at the office, and everyone enjoys picking it up and reading a limerick or two aloud. It's a great gift, too. Nothing like giving someone a gift of laughter! 0 of 0 people found the following review helpful. Fun Stuff!! By David A. Rand I've been following Karen's amazing ascent into the Limerick stratosphere on Facebook. Glad to see them make the transition from dancing electrons to fanciful ink ! This is a must have book and a great gift. Chicken soup for the funny bone !
