**Nick Griffiths : The Daredevil Book for Anglers: Cunning Strategies That Fish Don't Know About.** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Daredevil Book for Anglers: Cunning Strategies That Fish Don't Know About.:

Anglers can be odd types. Lawyers, bricklayers, bankers, and double-glazing salespeople during the week, come the weekend they're up to their wrists in worms, waiting, hoping, waiting some more, hoping again, losing hope, more waiting. But why? The Daredevil Book for Anglers has the answer. This is a surreal and funny exposé of one of the

nation's most popular sports. Sections include The Art of Waiting• (sitting around on a riverbank for hours and hours, watching a float bobbing about a bit, without going stark raving mad); How to Lie• (Caught anything? It's the question every angler dreads), and Yeah, Course Your Son's Desperate to Go Fishing with You• (Why forcing the boy to learn to fish makes you a bit of a git). The perfect gift for the angler in your life.
