Andrews):

Andy Andrews ... was he an attorney at law ... or an attorney outlaw? You be the judge ... in this humorous, satirical, and dramatic story about the life and times of a former trial lawyer ... and his twenty-year practice. However, his experiences were not ordinary. Like many professionals, Andy was in the pursuit of financial freedom ... but he was also guided by the voices of angels. However, it seemed ...the angels had something else in store for him. After ten years of achieving judicious success, and then falling prey to a three-year-long audit by the IRS, his world began to eventually unravel and fall apart. Come and explore the Dark Side ... which is what our current legal Justice system is about. This is a story that's based upon true events ... about a lawyer, who wasn't always down-to-earth, and tried to remain as 'morally flexible' as possible.
