Jen kept me laughing out loud, but underneath all that laughter was a warm and wonderful woman and mother who I can tell would give up everything for her family. This book will lift your heart and spirits and let you giggle out loud! Just loved it!2 of 2

By Kindle Customer I could write a clever review of this book, but honestly, you should read it yourself. Everything I say could be a spoiler and I don't want to ruin it for you. Very funny, thoughtful at times, and a real, down to earth woman with real, down to earth moments that she lives through with humor and grace. Also, the title just makes me laugh. :) 1 of 1 people found the following review helpful. Laugh after laugh! By Susan Stec This book was a hoot all the way through. I have to say, the cover art grabbed me from the get go. I kindled it immediately without even reading the summary. I was not disappointed..... The cover might have grabbed me, but the first chapter hooked me and from then on, it was a laugh a minute. A very amusing look at the hectic life of a 'today' family through the eyes of an ordinary mom as she amusingly handles everyday life even when it's not so ordinary. Some days are better than others. Have you ever had one of those days where you felt like you just could not catch a break? Author Jen Tucker had one of those and shares every bit of it in her new memoir, *The Day I Wore my Panties Inside Out* with humor and a bit of sass.
