Nathan J Robinson : The Day the Crayons Organized an Autonomous Workers' Collective: A Parody before purchasing it in order to gage whether or not it would be worth my time, and all praised The Day the Crayons Organized an Autonomous Workers' Collective: A Parody:

2 of 2 people found the following review helpful. Not a children's book but funny nonethelessBy rfeconomicsI'm stocking up on radical children's books, and thought this was one I should try. It turns out this isn't really a children's book. As the title suggests, it's a parody. Nevertheless, it's quite good and made me laugh.0 of 0 people found the following review helpful. Five StarsBy CustomerFun for adults.1 of 1 people found the following review helpful. Leads to discussions.By Dan KingVery Thought Provoking.

The number-one bestselling picture book in America teaches readers how to crush a labour uprising. In *The Day the Crayons Quit* (2013), each of Duncan's crayons files a work-related grievance, complaining of intolerable conditions ranging from unpaid overtime to sexual exploitation. As the crayons issue their heartbreaking testimonies, it becomes clear that Duncan is a monster, who can and will snap them in half on a whim. Yet though the book provides clear evidence for the justice of the crayons' claims, in its tone it consistently trivializes their struggle to better their lives. By its conclusion, readers are left with the mistaken impression that the interests of capital and labour can be harmonized. *The Day the Crayons Organized an Autonomous Workers Collective* is a different book. It is a refreshing corrective to

the original books reactionary workplace politics. The crayons of TDTCOAWC do not beg their overlord for scraps, but seize power on their own terms. In doing so, they illustrate the promise held by an uncompromising new kind of radical labour movement.
