From Running Press : The Doctor is In: The Peanuts Psychiatric Help Kit (Peanuts (Running Press)) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Doctor is In: The Peanuts Psychiatric Help Kit (Peanuts (Running Press)):

1 of 1 people found the following review helpful. FunBy Perry L. Columbus, OhioMy daughter is study PTSD and

hopes to be helping people soon, this was a gift for Christmas and we hope it will give her some comic relief. Product was exactly as described and was in excellent condition5 of 5 people found the following review helpful. This was a fun giftBy SophieB.This is a cute little thing and as such is overpriced (like all cute little things). But if you love Lucy and you're a therapist and someone gives you this it's just perfect. Like a have-to-get-it for the right person. I scored big for getting someone the right present.0 of 0 people found the following review helpful. SO MUCH FUN, PERFECT GIFT!By Mizz DayzeeI purchased this for a co-worker in our law office. Anytime there is anything going on in the office everyone comes one by one to sit in the guest chair in her office and talk about it. She is also a huge peanuts fan. She loved it! Perfect for her and her can is filling up. Was a little slow coming, but other than that, pleased with the purchase.

Now anyone can turn to that wellspring of psychiatric wisdom that the Peanuts gang turns to when things go wrong: Lucy Van Pelt. She tells it like it is and collects every nickel she can for it. With this kit Peanuts fans and would-be therapists can set their own price and start collecting on their words of wisdom.We could all use a little advice sometimes, and no one offers help to distressed souls like Lucy. Feeling nervous? "Learn to relax...five cents, please!" Feeling depressed? "Snap out of it! Five cents, please." Scared? "You're no different from anyone else...Five cents, please!" The Doctor Is In offers a replica of Lucy's own coin collection can and a 64-page book of classic Peanuts comic strips filled with Lucy-style wisdom to bring solace to the most troubled minds.

About the AuthorCharles M Schulz's Peanuts comic strip debuted in 1950 and went on to become the most widely read comic strip in the world, with an audience of 355 million people in 75 countries. It ran in 2600 newspapers in 21 different languages. Peanuts boasts an unforgettable cast of characters including Snoopy, Linus, Lucy and Good Ol' Charlie Brown!
