**Nancy Nelson : The Doodle Diary: With a Dictionary for Deciphering the Meaning of Your Doodles** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Doodle Diary: With a Dictionary for Deciphering the Meaning of Your Doodles:

2 of 3 people found the following review helpful. Doodle Diary By Peter West The book arrived within two weeks of ordering rather than the almost two months as originally indicated. It was in pristine condition, had all the information I expected and is a worthwhile addition to my bookshelves and reference works. Peter West

Doodles are as unique to each person as handwriting. Try an untraditional - and extremely revealing - approach to journaling with The Doodle Diary. In addition to graph paper pages and doodle-inspiring designs, the journal contains a dictionary for deciphering hundreds of doodles. Fill up a page every day and learn what those lines, circles, squares,

and squiggles say about you!
