Trebor Nehoc : The Electric Sewer before purchasing it in order to gage whether or not it would be worth my time, and all praised The Electric Sewer:

A must-read for anyone interested in NYC's gritty past, policing in general, or anyone in need of a good laugh!By FCV96This is, by far, one of the funniest policing memoirs that I've ever had the pleasure of reading. The book is comprised of multiple short stories, each of which is self-contained and describes a different incident in the career of the author. Nehoc's writing style is beautifully witty and his recollection of details is just as impressive. I found myself genuinely laughing out loud at perps' reactions, jokes between members

of service, and descriptions of facilities and equipment, among other things. Not to mention that, as someone that has ridden on NYC's subways day in and day out, many of the conditions and offenses outlined in the book are still alive today, as are the officers working to combat them. 1 of 1 people found the following review helpful. Clean dry and well lit

Having had the honor of working with the author (not directly), and to serve with the best Police Dept. in the world, this book brought back fond memories. If you ever rode the NYC Subway and wondered what happens when your commute is over, this book answers those questions. Very funny and down to earth. Transit forever.

Absolutely love this book. Very entertaining from front to back. As a fellow Transit Cop i can relate. Read this on patrol, thank you Bobby!

Trebor Nehoc has worked all over the New York City subway. And not just as a cop, but also as a sergeant and lieutenant. He has been assigned to everything from late night solo train patrol to an academy instructor and finally as an anti-crime supervisor. As they say here in New York , he has been around the block, twice. Trebor has taken his years on the job and transcribed them into some very funny, very touching stories. With great wit, sharp details and some brisk writing, his War Stories describe what life was like down there in the Electric Sewer.

...Nehoc combines an unflinching eye, candor and a ruthless, wicked wit...mesmerizing account of scenes reflected in his silver shield... -- Gina Gallo, author of Armed and Dangerous – Memoirs of a Chicago Policewoman...hilarious collection of subway stories only a cop could tell...weirdest, wackiest cast of characters you'll ever read about. -- Ed Dee, author of The Con Man's Daughter...subway subculture, the NYC transit cops ...stories you'll love and remember from a writer who knows all the players... -- Dan Mahoney, author of Justice
