Mr Rich Grudman : The Essence of EEEW before purchasing it in order to gage whether or not it would be worth my time, and all praised The Essence of EEEW:

0 of 0 people found the following review helpful. Awesome book!By Stefanie GarciaI originally bought this book for a co-worker, but my daughter picked it up and started reading it and now I had to order another one for my co-worker!

It really is an awesome conversation started and my son (who is 17) kept saying, "really?? how can you find so many words to rhyme with bodily functions?" Needless to say he was very impressed as am I. It is a fun, giggle-inducing, entertaining book that I plan to give to all my nieces and nephews as Christmas gifts. Buy it! You will not be disappointed! 1 of 1 people found the following review helpful. The Essence of Eeew Really Comes Through! By JSA truly funny collection of all that is gross and silly! Rich Grudman has compiled a series of entertaining poems that make you cringe and laugh, and occasionally gag. His writing is so descriptive and visceral that you are both revolted and intrigued. For those of you who don't take yourself too seriously and still laugh at anything that sounds like a fart, this is the book for you! 0 of 0 people found the following review helpful. Good for Preteens By Daddio For those kids that love "gross" things (who doesn't), this is a good book. Works well for them to share with friends. Good for many laughs and they will truly say "ewwww".

Whats in this book? There are toilets and tissues with mucus and goo; boogers and pimples, heaping piles of poo. There is toe jam and hair wads and all sorts of yuck. There are bugs playing joyfully in their own muck. Some puking, some burping, some things that smell tart; youll giggle so much that youll snarf and youll fart. Its an assortment of icky, a gross point of view. These zany poop poems are the essence of eeew.
