Immerse yourself in the fantasy wonderland of Waterlily Woods. Bring the faeries and their story to life with color. Meet and get to know the faerie characters as the tale unfolds in this stunning book, hand-drawn by Australian Artist Lesley Smitheringale. This book contains 25 incredibly detailed, penned illustrations onto single-sided pages including 8 bookmarks. The story is written on the back of each illustration. Please note that the paper is medium to thin and out of my control. If paper thickness is important to you please seek the artist edition of this book on Etsy (which is more expensive). To see all of the pages in the book please visit my Author Page where there is a video showing you all 25 illustrations and the story.
