I bought several copies to give as stocking stuffers for the men in my family, but ended up handing them out on Thanksgiving after my brother-in-law cleared the living room with an 8 point touchdown!! They all busted up

laughing! The "example of play" is hilarious and the illustrations are very funny. Great job!

By Jamie Milheiser  
Oh man, this book is pretty good. This is a game that the whole family, office, or even neighbors can play. Its Wity as well as inspirational. My intestines couldn't sit still thru the entire read.... lets just say... towards the end... I had a few touchdowns as well as extra points. I can't give all the credit to the book though..... my wife, VAL, is a terrible cook. She takes after her dad:) seriously though, its a funny book to keep near the can.

hilariously funny. A must have for anyone who's proud of the gas they pass. Makes a great stocking stuffer too.

Inspired by the wildly popular international sport that combines two of the most enjoyable pastimes known to mankind, The Fart Football League Official Rulebook (Home Edition) is a simple, yet greatly adaptable, game system. With this guide, a game of fart football can be played nearly anywhere - in the office, on a road trip, or in a hunting lodge. It can be played during a church retreat or on patrol in a squad car. It can be played one on one or with teams of multiple players. The possibilities are limited only by your imagination. So eat some beans, drink some beer, and get ready for kickoff!
